SP001 AST System Inspector Recertification

If you're an AST SP001 System Inspector due for recertification, you can easily renew for another five years with this online refresher course and examination. Take it at any time, at your convenience, from your own computer.

Course Content

- There are 12 modules in the course, each consisting of a PowerPoint review presentation and a four-item quiz.
- You must answer at least three of the quiz questions correctly before you can move on to the next module.
- Modules must be taken in order, no skipping back and forth.
- At the end of the course, you will take a 40-question final examination. **(Do not back space or log out during exam)**
- Cost of the Online Recertification Course is \$375.

Recertification Requirements

- You must pass the 40-question exam with a score of at least 80%.
- Provide proof of passing an eye test for visual acuity within the past 12 months. The eye exam must be administered by an optometrist, medical doctor, registered nurse, or certified physician's assistant. A sample submission form is attached.

Prepare for the Course

Study the materials listed below. While the online course highlights important points, the 40-question final test includes additional information from these documents. (Co-workers may share study materials, but must complete the Online Recertification Course individually.)

- Steel Tank Institute SP001 Standard, 6th Edition (*STI also offers a bundle with both standards)
- Steel Tank Institute SP031 Standard, 5th Edition
- Steel Tank Institute R912: Installation Instructions for Shop Fabricated Aboveground Storage Tanks for Flammable, Combustible Liquids
- Underwriters Laboratories UL 142 Standard, 10th Edition
- Petroleum Equipment Institute RP 200, 2019 Edition
- Morrison Brothers Co. Venting Guide for Aboveground Storage Tanks
